Box Box Share - Web Platform Screenshots

Screenshots from the demo version of the platform. All items, users, orders and impact figures shown are example data. Live platform: https://box-box-share.onrender.com/

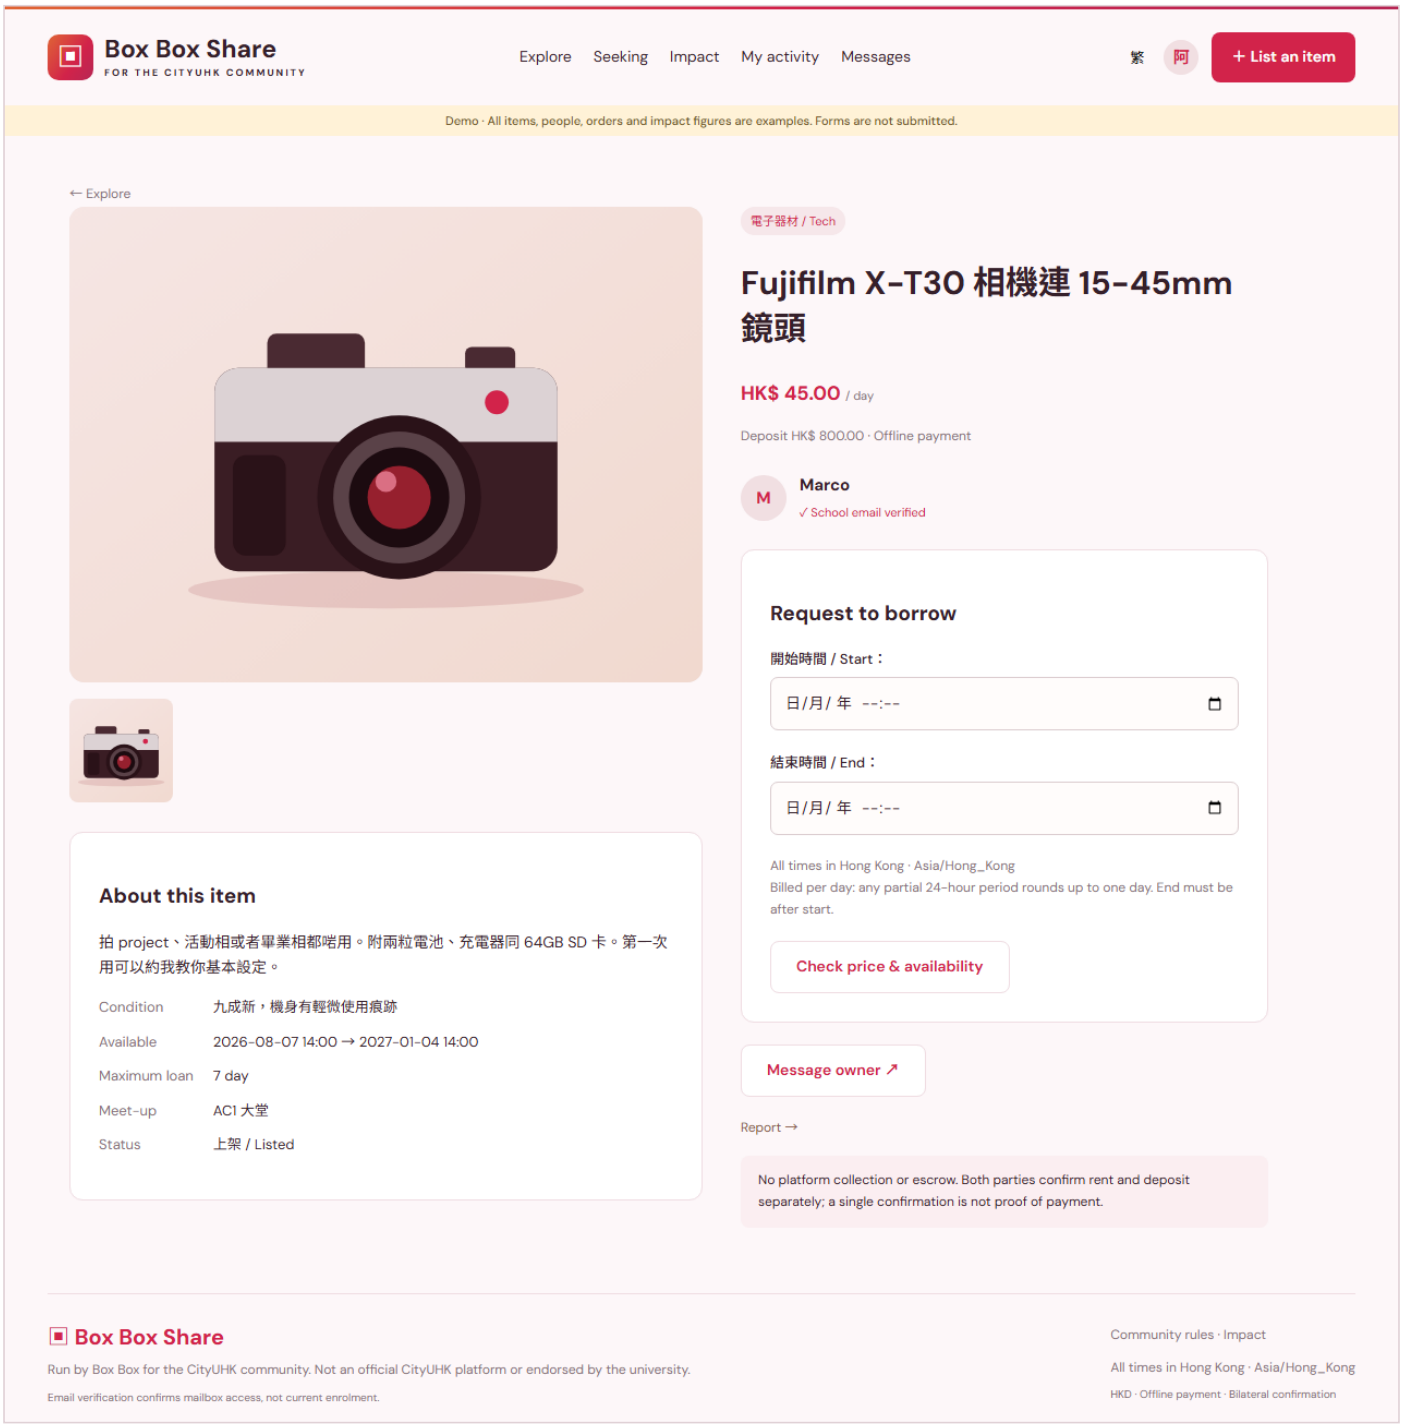

1. Home page

Browse items available for borrowing; search and filter by keyword, category, dates and daily price.

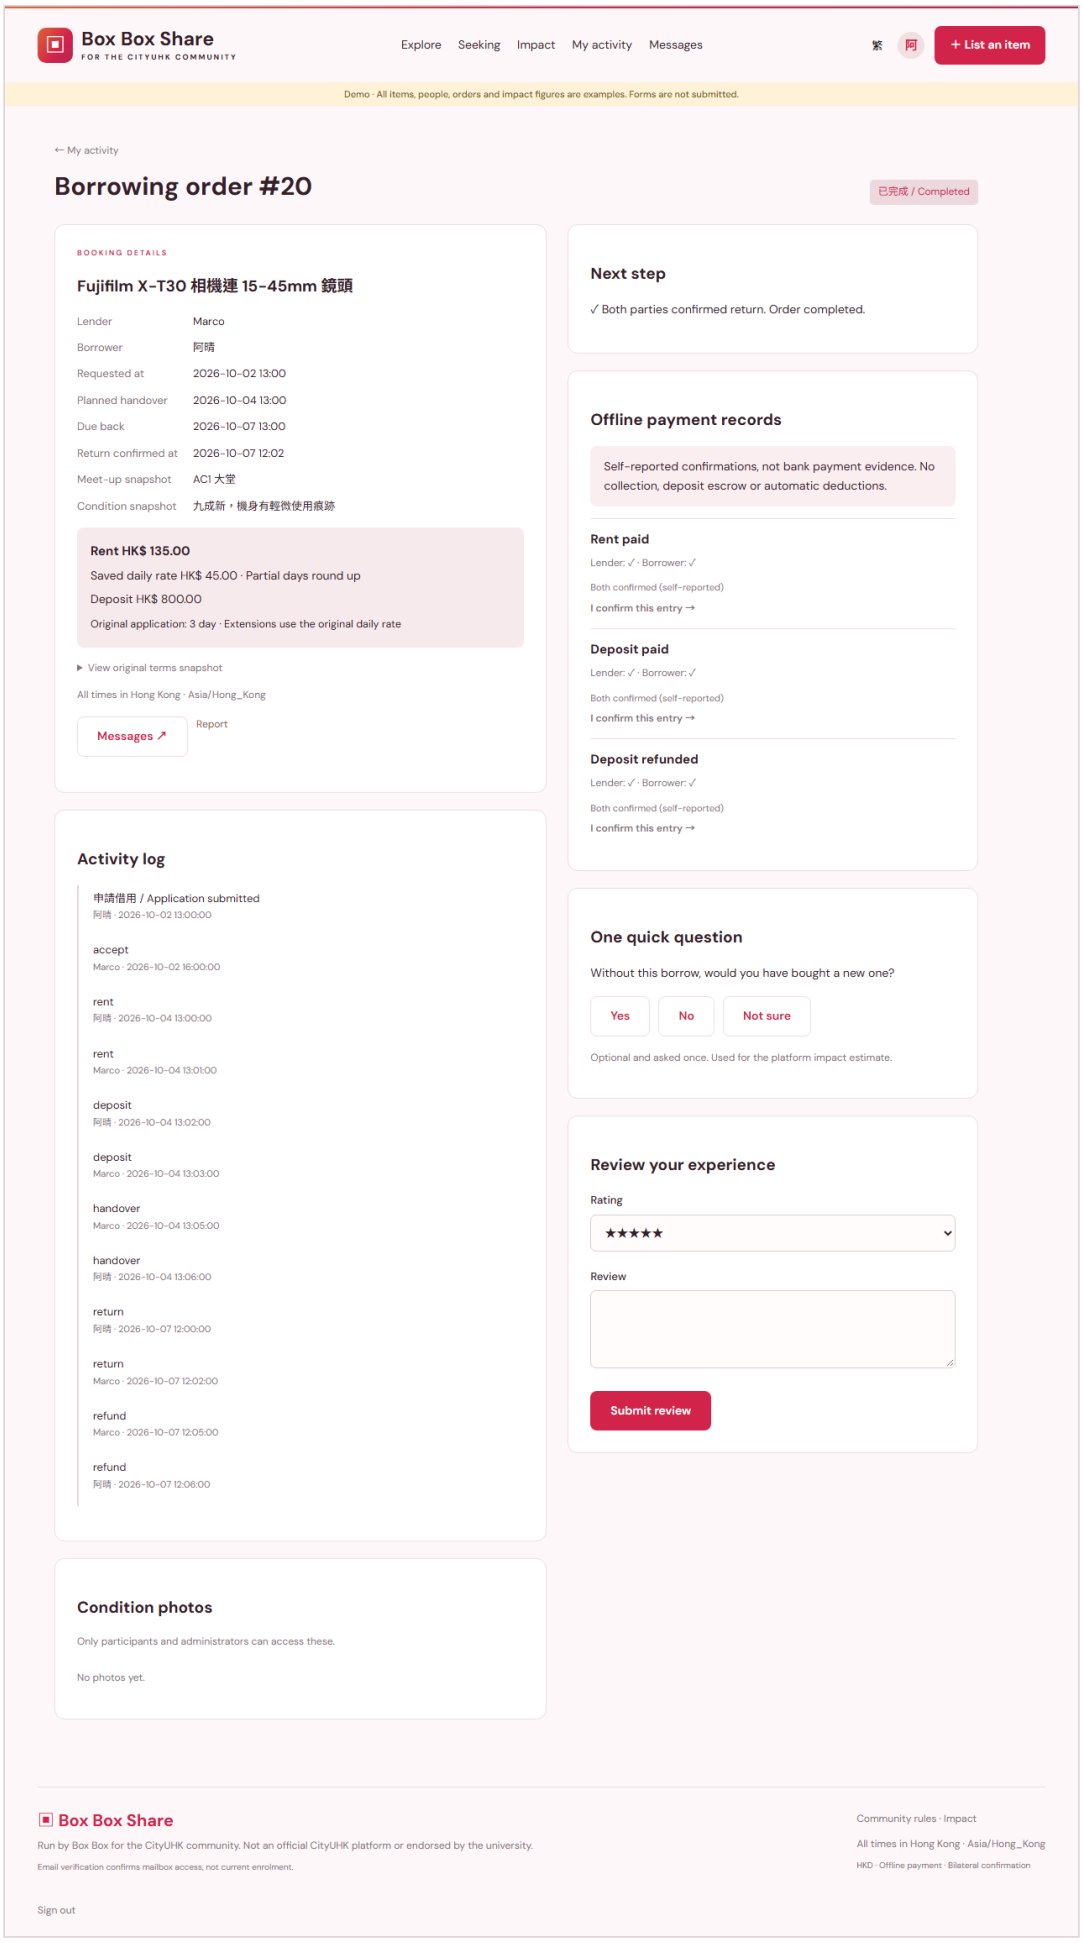

2. Item details

Condition, daily rent, deposit, availability and handover location; borrowers get a price quote before applying.

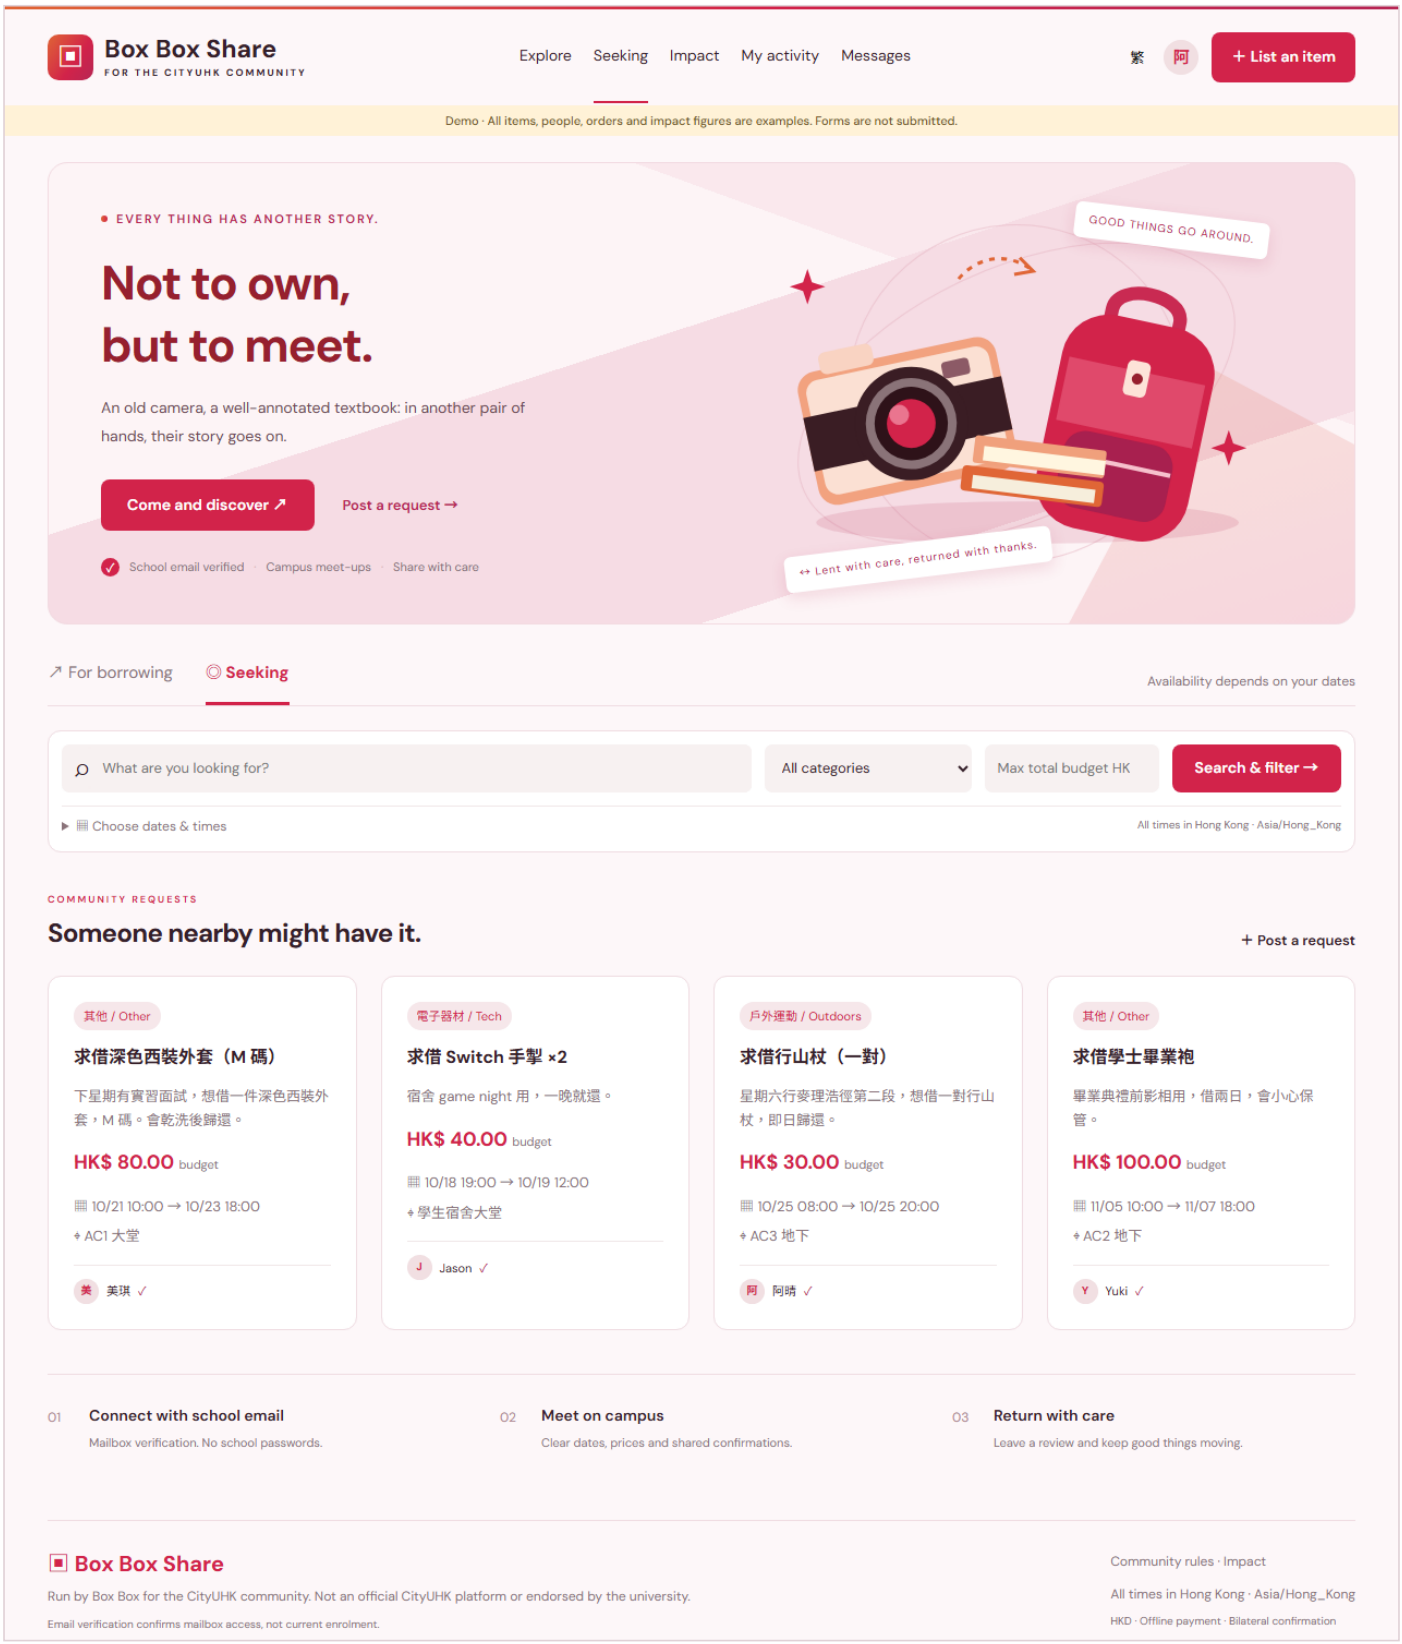

3. Borrowing order

Booking details, two-party confirmation of handover, return and offline payments, activity log, post-borrowing survey and review.

4. Seeking board

Students post what they need, with dates, budget and handover location; others can respond with their listings.

5. Impact page

Estimated CO2e avoided by completed borrows, with published sources and the calculation method.
